A SAFER AND STRONGER ALEXANDRIA.

JACQUES ROY

IS MAKING ALEXANDRIA A SAFER AND STRONGER FOR OUR FAMILIES.

PUBLIC SAFETY

Jacques implemented a detailed plan to reshape how we fight crime in Alexandria. He published it and followed it - including the hiring of 27 new law enforcement officers in 2026 alone, and 13 community service officers. Now, the numbers point to a better direction across the board as crime rates have fallen dramatically over the past four years.

ECONOMIC DEVELOPMENT

Alexandria is experiencing real growth in economic investment and development. Businesses are expanding, sales tax collections are healthy and building permit requests are on the rise. The REIGNITE Program will revitalize our city by increasing investment in our downtown and Masonic Corridors, focusing on education, healthcare, retail and recreation.

INFRASTRUCTURE IMPROVEMENTS

Jacques has transformed our parks and entire Riverfront. He championed drainage improvements, road projects and an innovative citywide beautification partnership with the Lt. Governor. Jacques is improving the quality of life for neighborhoods across Alexandria. Jacques' focus on infrastructure spurs economic investment, improves traffic flow and makes homes safer from weather events.
